

DISCOVER THE #1 PREDICTOR OF HIGH-PERFORMANCE AND LEADERSHIP

EMOTIONAL INTELLIGENCE

FOR EXTRAORDINARY LEADERSHIP

VIRTUAL TEAM EVENTS, TRAINING, VIRTUAL CONFERENCES OR SUMMITS

Today more than ever, leaders and teams need to be equipped with **Emotional Intelligence**— in order to navigate uncertainty and embrace new opportunities. **Emotional Intelligence (EI)** is our ability to manage emotions and successfully handle our personal relationships during periods of high stress and drastic changes.

Steve Gutzler has provided over 20 years of leadership training focused on high-performance strategies of Emotional Intelligence.

Now, he brings this dynamic keynote program to your teams and organizations virtually— streamed LIVE from our high-definition Seattle studio with the same level of energy and passion Steve brings on live events.

LEARNING OBJECTIVES

- Become proficient in the critical strategies of managing the 17% moments when under stress.
- Master the brain science of emotional hijacks and strategies for self-regulations.
- Increase collaboration and effective communication for high-performance teams.
- Learn the valuable keys to building loyalty with customers through empathy and increased connections.
- Understand the contagious influence of positive moods, attitudes, and emotions.
- Eliminate toxic behaviors that sabotage team success and goals

Envision the positive impact on your managers and your team if you could help them:

- Reduce employee turnover by more than 60%
- Increase business revenue with existing sales by 20%
- Expand collaboration and camaraderie by 15%
- Expand team production by 20%

"Steve inspired our global team through an inspirational and thought-provoking session that left our team motivated to recognize the opportunities ahead, rather than the obstacles in our path, and take ownership of their vision and journey. We are confident the time he spent with us will have a lasting impact on all of us."

**-Bridgette Beam,
Director of Programs
Facebook**

These are not unreachable goals but rather documented results from companies who have implemented Emotional Intelligence programs.
